All-in-One Publishing!

Would you like to copy and print your discs in one easy step? Then here is your publishing solution! The **TCP-7200™** will work as a standalone device that is ready for any user, or it can be networked to your PC for those who wish to send images via your network! The **TCP-7200™** comes as standard equipment with two - 16x DVD writers, a gigantic 220 disc hopper, a large internal hard drive and **TrueNet 2™** networking software for your networking needs.

Professional Duplication!

The industrial design of the **TCP-7200™** will give you reliable service without the need for costly repairs. Reliable robotics combined with **R-Quest's™** proprietary board technology, your publishing system will produce only the finest quality copies without the need for constant human intervention!

Printing has never been easier! Whether you own a Mac or a PC, the flexibility of the **R-Quest™** controller allows you to create your print image using the graphics program of your choice. Want more? **R-Quest™** will also supply a copy of the proprietary labeling program to make it even easier! Ultimate convenience!

Easy! Flexible! Reliable! Quality! The **TCP-7200™** is the right choice!

EXCEEDING EXPECTATIONS...IS R-QUEST.™
